

HARDWARE

- **Jaltest Link Interface.** Efficient communication via USB or Bluetooth.
- **Diagnosis cables.** To connect to the brands of all markets.
- **Rugged PC.**
- **Diagnosis Workstation.** Mobile trolley for organizing and performing diagnosis.
- And much more ...

TRAINING & e-learning

- **Theoretical and practical** courses and seminars, based on **diagnosis, electricity, electronics, pneumatics, engine management, specific systems, trailer...**
- **E-learning:** Powerful on-line course manager.
- **Customized training.**

GRP (Garage Resource Planning)

- **Workshop management** software.
- **Management of clients and repair works.**
- **History record.**
- **Report creation.**
- **Cloud Database Synchronization.**
- **Users management.**
- **Repair times.**

COVERAGE

- **Trucks, Buses, Trailers, Light Vehicles, Off-Highway, Agricultural Vehicles and Marine Vehicles.**
- **European brands.**
- **American brands.**
- **Asian brands.**

DIAGNOSIS

- **Connectors identification.**
- **Error detection and clearance.**
- **Actuations, measurements and systems reset.**
- **Calibration and parameter setting.**
- **Help charts and auxiliary information.**
- **Reference data and ranges.**

TECHNICAL INFO.

- **Technical information** of vehicles and systems.
- **Maintenance and service data.**
- **Wiring operating & fuse diagrams.**
- **Location of components.**
- **Technical releases.**
- **Manual diagnosis.**
- **Troubleshooting** (diagnosis and help by symptom).
- **FAD** (Frequently Asked Data and Procedures).
- **Repair times.**

ETM

- (Electronic Test Module)
- **Diagnosis software for EBS modules.**
- Efficiency on the **repair of EBS modules.**
- **ABS / EBS Speed sensors checking.**
- **Caliper Brake Pad sensor checking.**

jaltest iparts

- **Database** with references of **automotive parts.**
- **Cross-references** of distributors and manufacturers.
- **Extended search filter.**
- **Easy identification of references of damaged components.**

TECHNICAL AND PRODUCT SUPPORT

- **Customised technical assistance** in several languages & levels.
- Use of **Remote assistance** in technical support.
- **KNOW-HOW** applied to assistance.
- **Customer service.**
- **FAQ.** Frequently asked questions.
